Fuji Xerox Phaser 3428 — the perfect laser printer for your office and budget. Enjoy fast, affordable, worry-free printing each and every business day. Providing a full-range of powerful features, including automatic two-sided printing, this handy printer will deliver complex print jobs in a snap.

Power performer
on a budget

Productive, low-cost and easy-to-use laser printer for all your daily print needs

Outstanding office productivity

- Up to 30ppm laser printing, and as fast as 8.5 second first-page-out keeps up with your workload.
- A 400MHz processor delivers complex pages fast.
- Two paper trays, plus an optional third tray, increases paper choice and capacity.
- Additional features such as watermarks, N-up, posters, and booklets give you eye-catching, customised results.
- Connect the way you want with USB and Parallel. For multiple users, 10/100BaseT Ethernet is standard on the Phaser 3428/DN model.

Excellent value

- Affordable price lets you enhance your business potential without breaking your budget.
- Automatic two-sided printing saves time and paper.
- 1,200 image quality resolution means crisp, professional printouts, while toner saver mode will save money on less critical jobs.
- A compact design lets you put it where you need it.

Easy to use

- Installation is quick, easy and the status monitor will alert you if there are problems while printing.
- Remotely control, monitor, and diagnose your printer when connected to your network.
- Minimise supplies interaction with easy-to-install, high-yield toner cartridges.
