Delivering productivity with **powerful**
capabilities for the busy office

Improve Your Image

- Text and graphics are crisp and clear, adding visual impact to important office print jobs.
- PostScript® 3™ emulation* and PCL6 ensure your print jobs are consistently accurate.

Empower Yourself

- A space-saving footprint makes it easy to place within quick reach of a single user or small workgroup.
- The 300MHz processor and 64MB of memory deliver the muscle to handle a demanding workload.
- Convenient copy features like ID card copy and 25% – 400% reduce / enlarge give you more handy options.
- Powerful fax capabilities include PC Fax, which allows convenient paperless faxing right from your desk.

Be Effective

- Network connectivity* lets everyone in your office share the powerful multifunction capabilities.
- Scan documents — even colour — directly to your PC, where they can be edited, archived and emailed.
- The Secure Fax Receive feature gives you peace of mind when receiving sensitive documents. You can also fax-forward received faxes via email.*
- Use CentreWare® IS*, an embedded web server, for easy device management on the network.
- A print and copy speed of 24ppm gets more work done faster.

*Available on N configuration.
