Genuine Xerox Solid Ink Black (6-sides) 6,800 pages	108R00727

Consumables

Standard Capacity Maintenance Kit	108R00675
Extended Capacity Maintenance Kit	108R00676

Options

SSO: 30-Diagram	097803822
Productivity Kit (S560)	097803812
256 MB Memory	097803831
512 MB Memory	097803832
525-sheet feeder (S560)	097803667
System Cart	097803818

* Capacities are approximate, based on 5% coverage on an A4 sheet.
Life expectancy is based on A4 size paper. Mixed printing patterns and specialty media may significantly reduce the unit life. Media are supplied with the solid ink module of each colour.

Fuji Xerox Printers practice a policy of continued product development, that means that product specifications may incorporate innovations and/or enhancements resulting from ongoing research & development (and may vary from those specified in brochures at time of printing). In keeping with normally accepted commercial practices, the purchaser is advised to both confirm product specifications, and satisfy themselves as to product performance and exact configuration (to suit each particular requirement) before purchase. Fuji Xerox Printers will not accept any liability (product related and/or resulting from product usage) where such due diligence has not been performed and the incorrect product has been purchased. 1007016_8560_03/07

Affordable power
for the busiest office

Phaser 8560

Colour Solid Ink Printer

A colourful choice...

Solid Ink is earth-friendly.
It guarantees 1/100th the waste
of a typical color laser device.

Fuji Xerox offers a choice of value-packed office devices that deliver the utmost in productivity. The **Phaser 8560** printer gives busy workgroups a fast, affordable, easy-to-use colour printer that can expand from a desktop model to a four-tray, floor-standing powerhouse.

Outstanding colour

The Phaser 8560 printer gives you precise details and rich, vibrant colours.

- Count on superior output on everything from cover stock to recycled paper. Confidently handle colour projects in-house and reduce costs and increase efficiency.

- True Adobe PostScript 3 and automatic colour-enhancement tools ensure that colour-intensive documents print reliably and accurately.
- Produce fast, versatile prints for everyday jobs. When you really want to impress, switch to 2400 FinePoint print resolution mode.
- Nothing else on the market offers more consistent, vivid colour. The last page of a large print job looks as good as the first.

Colour and get creative. Print on business cards, stock, postcards, labels, transparencies and more. You can expect the same brilliant output no matter what the media.

print

Phaser 8560

A colour printer that meets the challenge

The Phaser 8560 printer delivers fast, attention-grabbing results.

- Pick up the pace with a first-page-out print time as fast as 5 seconds. Both black-and-white and colour print at up to 30 ppm.
- A 600 MHz processor and 256 MB of memory (upgradable to 1 GB) provide the muscle you need for the most intense projects.
- Put off reloading paper, or swapping one size for another, with a combined paper-tray capacity of 625 sheets — a huge stack of paper for a device that sits on a desktop. Add third and fourth trays to increase capacity to 1,675 sheets.
- Handy productivity printing tools are standard, not expensive add-ons: job accounting, booklet printing, image smoothing and many more.
- Automatic two-sided printing saves time and reduces paper costs.
